2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Albert Einstein Academies (AEA), the first authorized public charter schools with a TK-8 International Baccalaureate continuum in San Diego County, educates children to thrive and contribute as active thinkers in the world. As authorized International Baccalaureate (IB) World Schools, we are part of a prestigious international community of highly effective schools. AEA nurtures, cultivates, and inspires multilingual, critical thinkers who are well-rounded, responsible, global citizens uniquely prepared to thrive, lead, and create positive change in the 21st century. From its humble beginnings in 2002, with 27 students in the basement of a church, AEA has evolved into innovative, academically accomplished, well-managed charter schools in the heart of the San Diego Unified School District. The demographics of the student population have become more diverse

2024-25 School Description and Mission Statement

over our 22 years, reflecting the school's international focus. Our student population is comprised from the immediate South Park/Grant Hill neighborhood including areas throughout all of San Diego County. Our teachers are all highly qualified and are committed in their work to ensure that all students achieve academically and thrive socially and emotionally. Our instructional program addresses the needs of the whole child, with equal emphasis placed in eight curricular areas.

AEA is comprised of the following three schools:

Albert Einstein Academy Charter Elementary School (AEACES), located in the South Park neighborhood of San Diego, currently enrolls over 840 students in grades TK through 5. AEACES offers an international education through dual-language instruction in German and English. AEACES offers a wide range of extracurricular enrichment programs as well as academic intervention and supports.

Albert Einstein Academy Charter Middle School (AEACMS), located in the Grant Hill neighborhood of San Diego, currently enrolls over 600 students in grades 6 through 8. AEACMS focus on art, foreign language, and physical education are accorded as much emphasis as math, science, and english language arts. AEACMS offers a wide range of extracurricular enrichment programs as well as academic intervention and supports.

Albert Einstein Academy Charter High School (AEACHS), located adjacent to our middle school campus, is targeted to open in Fall 2027. When full capacity is reached it will host 800 students in grades 9 through 12.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

AEA provides the International Baccalaureate Primary Years Programme (IB PYP), Middle Years Programme (IB MYP) and Diploma Programme (IB DP) coming Fall 2027. The IB is a worldwide framework that allows students ownership of their learning within a rigorous curriculum. Our goal is to develop internationally minded students who strive towards the ten attributes known as the IB Learner Profiles.

Although we do have textbooks, much of our curriculum is taught through literature, trade books, digital portal resources, online programs, and sources other than textbooks. It is the belief that providing students with a variety of materials and published media allows for the development of a well-rounded student who can become an inquirer able to research independently. As such, the inquiry-based and internationally minded curriculum cannot be accommodated by state-adopted textbooks alone. Key components of instruction, and instructional materials are the IB six Units of Inquiry and the IB unit planner, which incorporate all state standards in addition to the IB requirements.

School Facility Conditions and Planned Improvements

The AEACES facility space (TK-5), located at 3035 Ash Street, is a San Diego Unified School District (SDUSD) owned property. AEA makes great efforts to ensure that the school site is clean, safe, and functional. The school facility has thirty six classrooms, one administrative office building, an auditorium/MPR, and an exterior sports field area. Major repairs are submitted through a work order process to SDUSD. AEA custodial staff oversees the cleanliness of the school during the school day and the evenings. A landscape maintenance company services the grounds weekly. The campus is currently undergoing a site modernization project led by SDUSD and is expected to be completed in 2027.

The AEACMS facility space (6-8), renovated in 2014 and located at 458 26th Street, is comprised of a four-story building that houses twenty classrooms, an administration office, physical education and music rooms, and outdoor athletic courts. AEA custodial staff oversees the cleanliness of the school during the school day and the evenings. A landscape maintenance company services the grounds weekly.

All facilities rank in "good" condition for all major systems. Safety and maintenance operations are regularly checked and we emphasize cleanliness and the effective working order of all systems. Weekly, monthly, quarterly, and annual inspections are completed on Fire, HVAC, Elevators, ADA Lift, Plumbing and Electrical systems. County Health inspections are performed twice per year at each facility cafe. Elevator and lift inspections occur annually by the State of California. Fire code inspections occur annually by the City of San Diego.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

AEA encourages parents and community members to participate in a myriad of activities throughout the year, with the ultimate goal of increasing student achievement. Family members are invited to participate as classroom volunteers, serve on various planning and governance committees, chaperone field trips, organize and implement special community events, participate in Parent Universities, and help support with a variety of other organizational and community needs. Detailed information concerning volunteering and other opportunities for participation, is provided to the parents throughout the year through our school website, email communication, teacher websites, communication from Friends of AEA, and monthly email communication from the AEA administration. We encourage parents to support their children at home by clarifying their school expectations and creating a positive homework and learning environment. If you would like to get involved, please complete a comprehensive volunteer application at <https://www.aeacs.org/volunteer>.

2024-25 School Safety Plan

AEA staff work together to prevent, prepare, and respond to emergency situations. To ensure safety and security, our schools have a Comprehensive School Safety Plan (CSSP) that is reviewed and updated annually. Staff members participate in regular emergency-preparedness drills such as fire, earthquake, shelter in place, biohazard and lockdown and response training.

2024-25 School Safety Plan

Substance abuse prevention programs are presented to students regularly. Policies and procedures are in place to address safe ingress and egress of students, serious disciplinary issues, discrimination, harassment, bullying, mandated child abuse reporting procedures and school dress codes.

AEA maintains a safe and secure campus environment through qualified teacher and staff supervision of students before, during, and after school hours. All campus visitors must log in at the main office via a computerized monitoring system as they enter and exit. This system screens names, as well as the visitors photo identification, against the National Sex Offender Registry. All campus volunteers must complete an online volunteer packet and be cleared prior to volunteering. AEA requires all students to wear school uniforms. We believe these uniforms create a collective commitment to appropriate behavior and academic achievement, as well as increase student safety on our campus. A positive school climate is reinforced through observance of ten International Baccalaureate Learner Profile traits, which emphasize intellectual curiosity and active citizenship. These traits are incorporated into public art installations throughout our schools. AEA follows the COVID-19 guidelines and protocols set forth by the California Department of Public Health (CDPH) and the County of San Diego Health and Human Services Agency (HHSA) for health screening of staff and students. AEA also follows the most current HHSA guidelines for quarantine and isolation orders for each positive and "close contact" case.
